STAMINA[®] BALANCE

TRIPLE ACTIVE ROOTZONE MANAGEMENT

ACTIVE INGREDIENTS: BLEND OF PROPRIETARY SURFACTANTS

Stamina[®] Balance is a professional-grade wetting agent formulated for triple active root zone management to ensure fast initial penetration, good lateral spreading and the ability to rewet hydrophobic soils. Stamina[®] Balance helps to prevent problems associated with dry patch in hydrophobic soils in greens and tees.

DIRECTIONS FOR USE

Stamina® Balance is required monthly.

TANK MIX FLEXIBILITY

Tank mix combinations with Stamina® Balance have not been tested on all varieties under all possible growing conditions. If the user is unsure a limited area should be tested and reasonable judgement and caution should be exercised. A jar test is recommended prior to broad scale use.

APPLICATION RATES

Situation	Time	Rate	Rate/Ha	Comments
Preventative application of Localised Dry Spot (Sand Based Rootzones)	2 weeks*	100mL/100m ²	10L	Apply in no less than 400L/ha of water. Irrigation is not critical but is recommended to ensure product effectiveness. Repeat treatments at the desired application frequency. *For best results on a fortnightly programme, an initial application of 200ml/100m ² is recommended, then follow with the two weekly rates.
	4 weeks	200mL/100m ²	20L	
	6 weeks	300mL/100m ²	30L	
Preventative application of Localised Dry Spot (Heavier Textured Soils)	2 weeks*	75-100mL/100m ²	7.5-10L	Apply in no less than 400L/ha of water. Irrigation is not critical but is recommended to ensure product effectiveness. Repeat treatments at the desired application frequency. Although irrigation is not essential, for best results, irrigate following application with 4-6mm of water to ensure that the formulation moves into the profile where the active is required. *For best results on a fortnightly programme, an initial application of 200ml/100m ² is recommended, then follow with the two weekly rates.
	4 weeks	150-200mL/100m ²	15-20L	
	6 weeks	225-300mL/100m ²	22.5-30L	
Domestic Gardens (Lawns, Garden Beds)		20mL/10L		Sufficient to drench area of up to 5m ² . Water in well following application. Apply as necessary.
Horticulture (General Use)		200mL/100L		Apply around base of plants or tree and water in well following application. Apply as necessary.

STORAGE AND DISPOSAL

Store in original containers and dispose of empty containers in accordance with local law.

PRECAUTIONARY STATEMENTS

Always consult the Material Safety Data sheet (MSDS) for specific instructions. Keep out of reach of children. Users are cautioned to take reasonable safety precautions when handling and applying this product.

FIRST AID

Eye Contact: DO NOT rub eyes. Immediately flush eyes with water. Seek medical attention if necessary.

Skin Contact: Remove contaminated clothing and immediately wash affected area for at least 5 minutes. If redness or irritation persists, seek medical attention as needed.

If Swallowed: Give large amounts of water
